Commissioner for Patents

PO Box 1450

Alexandria, VA 22313-1450

Sir:

The Office issued a Notice of Abandonment on January 10, 2011, asserting as a basis of the Abandonment for applicants' failure to timely pay the required Issue Fee and Publication Fee, if applicable, within the state period of three months from the mailing date of the Notice of Allowance. A subsequent check of the USPTO PAIR system indicated that a Notice of Allowance and Fees Due was dated September 23, 2010, setting a due date of December 23, 2010 for payment of the Issue Fee and Publication Fee.

Attached is a Declaration of Joseph Berry, the docketing manager at Staas & Halsey LLP, along with a copy of the computer system based daily incoming docket report ("PTO Mail Received") of the master docket records of the firm showing all incoming mail which has a USPTO mailing date of September 23, 2010, a copy of the master data center (mdc) docketing software master docket record docket report ("Patent Data") showing the history of the above-identified application, and copies of master docket record reports ("Staas & Halsey E-Mail Daily Patent") showing all replies docketed for a date (December 23, 2010) three-months from the mail date of the non-received Notice of Allowance, where the response to the non-received Notice of Allowance would have been entered had it been received. As shown therein, based on a search of the Staas & Halsey docket records, a Notice of Allowance was never received by Staas & Halsey or the undersigned practitioner. In addition, the undersigned practitioner

conducted a search of the file jacket of this application and the Notice of Allowance was not found therein.

Applicant respectfully requests that the Notice of Abandonment be withdrawn and a new Notice of Allowance be issued.

Any fees related to the filing of this paper are hereby authorized to be charged to our Deposit Account No. 19-3935.

Respectfully submitted,

STAAS & HALSEY LLP

**DECLARATION OF JOSEPH BERRY**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

I, Joseph Berry, declare that:

1. I have been employed in the Docketing Department of the firm of Staas & Halsey LLP since March 15, 2000, and my title is Manager of Docketing Department.
2. I am directly responsible for docketing all incoming USPTO correspondence, and for making note of such correspondence and the due date for any response due, by the Docketing Department.
3. During the regular course of business, the USPTO mail received at Staas & Halsey LLP is first opened and date-stamped, and separated into a specific USPTO received mail file. The USPTO received mail file is then passed directly to me in the Docketing Department. I check each piece of USPTO mail against our Docketing database by docket number and serial number. Any USPTO correspondence which requires a response is docketed in our Docketing database. Only then is the correspondence passed to the responsible attorney.

4. Attached hereto is a copy of an incoming master docket record daily docket report ("PTO Mail Received") based on mailing date showing all incoming mail which has a USPTO mailing date of September 23, 2010 as additional documentary proof of nonreceipt of the Notice of Allowance in the subject Application. Further attached is a docket report ("Patent Data") showing the history of the above-identified application as well as a master docket record ("Staas & Halsey E-Mail Daily Patent") showing all replies docketed for a date three-months from the mail date of the nonreceived Office Action.

Clearly, there is no record of receipt of a Notice of Allowance mailed September 23, 2010 on these docket reports. Among my notations of serial numbers and attorney docket numbers for other USPTO mail having a mail date of September 23, 2010, neither the serial number nor the firm docket number of the above-identified application appears on the pages of the Daily Docket Report.

5. I further declare that all statements made herein of my own knowledge are true, and all statements made herein on information and belief are believed to be true; and further that these statements have been made with the knowledge that willful false statements and the like so made punishable by fine or imprisonment, or both, under the Section 1001 of Title 18 of the United States Code, and that such willful false statement may jeopardize the validity of this application and any patent issuing hereon.
